

**REMARKS**

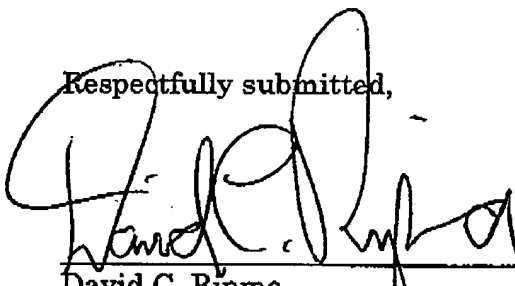

In the Office Action of July 28, 2005, the Examiner rejected claim 2 and allowed claims 4 and 11-20. The Examiner objected to claim 2 because the first instance of "nonvolatile solid state electro-optic medium" in the claim was preceded by "the" and a subsequent instance was preceded by "a." Correction was required before allowance.

Applicants have amended claim 2 as suggested by the Examiner. Since the Examiner indicated that claim 2 would be allowable if so amended, applicants submit that the application is now in fully allowable form.

In view of the foregoing, applicants request reconsideration of the application, as amended, and request that it be passed to issue.

Date: 9/28/05

Respectfully submitted,

  
David C. Ripma
